What's New Version 1.1 - Enhanced: - You can now save song list. - You can now save song artist list. Version 1.0 - Initial Release Screenshots Customer Reviews Great by erhan This is great!!! Very easy to use and use it was so straight forward i had no problem even though i dont use apps much. The only problem was i was unable to download it on my phone but thanks so much for a great app. GREAT!! Will keep you posted. by Diginol Waiting for the update. A few of my friends have it and I'm curious if it's been fixed. I love the Spotify widget so if they can get it too that would be great. If you have the update don't be afraid to share it
