====================================STEAM GAME====================================== PLEASE NOTE: With the exception of the first tutorial mission where players can only progress through the game up to the point where they are required to create their first character, once a player has completed the tutorial, they will be able to play the game from that point onwards on any of their accounts. The first time the player creates a character, and creates an account, they will be given a reward. Please note that there are slight differences in the rewards for initial account creation, as some of them are distributed after first creating a character. For example, when creating a character, you will first be asked to select one of three characters. If you select a character that is locked and do not have the following, you will be given the first reward. First character's reward: - 10 Pieces of EXP - Woodcraft - Golden Apple of Character Creation - Dio's Title The remaining rewards will be given after the first character creation. Also, players that are part of the Legacy Experience campaign will be given a special reward, and the rest will be distributed after a player decides to create a second character on their account. ====================================CONDITION INFORMATION==================================== -This game is currently in Early Access. -The game is currently in playable state. -This game will require a PC with 3.3 GHz minimum, 4 GB of RAM, 20 GB of free space, and an NVIDIA or AMD card with a 100.00% game performance, which can be found on the FINAL FANTASY XIV Online Support Center -This version is not available in all countries.
