Hang with Paul and prepare to add the "brutal" part to the "Santa Clause"! The game XMAS ZOMBIE RAMPAGE is the continuation of his games "Zombies on the Pole" and "Zombies on a Pole"! The "Zombie Rampage" is released! The player's goal is simple. That the player will challenge the zombies so that they can survive the Xmas eve. The player at the same time plays the role of Santa Clause. The Zombies will be looking for tasty people. So it will be directly on the x-mas eve! The player's goal is to survive as long as possible until Xmas eve. Is to get as many gifts as possible. Are there any special names? Are there any guns that are really useful? In short. Is there any way for the player to shoot, so he will have to the Zombies? In this XMAS ZOMBIE RAMPAGE GAME that we are about to show you, the player is fighting only against the zombies. You do not have any weapons, nor are you able to shoot. You only need to survive as long as possible until Xmas eve. The entire game can be described as old-school, real-time first-person shooter. Game "Zombie Rampage" features:

1. Shotgun - This gun is the classic assault rifle of zombie movies. Although the zombie apocalypse is hard for you, you still have a chance to shoot zombies. This is the best solution to kill zombies, and it's not a bad idea.
2. Pop Gun - This gun shoots the bees in his mouth. The range of the pop gun is extremely small, so that you should try your best to aim. It is a good choice for beginners.
3. R.A.D. - The R.A.D. (Real-Time Anti-Dead) gun is a special gun. It is the only one zombie weapon that can shoot dead zombies in just one round. This gun is very effective, but it has a lot of ammo and it will need three different special power generators.
4. Zombies In Space - You don't find this zombie weapon in the Xmas ZOMBIE ZOMBIE RAMPAGE, but it is a very effective weapon. This gun shoots the brains of the zombies. Try to use it if you want to clear a lot of zombies.
5. Xmas Zombie Shooter - This weapon is the original weapon of the shooter

## **What's new:**

**The infernales are paranormal forces that are used to manipulate time, space, and energy for their own advantage. Some evil beings, due to the time of their imprisonment, have grown acclimatized to life in hell. However, these specific beings were not born in the worst possible place to be, hell. Rather, they were born in a place known as the inner circle of hell, commonly referred to as the “12 Thrones.” This does not necessarily mean that they were born as captives of these beings. The fact of the matter is that the infernales can manipulate any being into becoming their trusted lapdog. The name infernales refers to one of the greatest powers possessed by all avatars. Through the infernales, angels have the authority to break time, space, and matter so as to manipulate the events of the common man to their liking. More specifically, this includes the ability to manipulate the majority of people and events for their benefit. Most commonly, avatars with such power see their main priority as subjugating the world in the most effective and efficient way possible. However, there is one exception to this rule: any human who has succeeded at their very highest measure of power in life is given the opportunity to become an infernale. For such beings, their work takes a much more devious turn. What do the Powers Control?: Everything The infernales are capable of possessing or “manipulating” anything upon the Earth. While**

**the names of several entities can be found in the history of vampire lore and depictions of demons, the infernales wield a wide variety of forces. The greatest of which is by far the greatest of all infernales: the Powers. As per the canon encyclopedia Missy-Q, there are a total of 3 Powers that hold the ability to control everything in the Universe and beyond. When discussing these beings, it is important to recognize that all infernales exist only for the benefit of the Powers, and all the other infernales exist to serve their primary goal in return. The Powers are extremely far-reaching agents. When one thinks of the Powers, you first think of power over other beings. However, let's take a moment to think about it. What does power over beings really mean? As human beings, we cannot control angels, demons, and spirits. In fact, controlling these beings can only be achieved by an avatar with an even greater**
