FIFA 2K is a soccer simulation developed by EA Vancouver and published by Electronic Arts. FIFA 2K is the sequel to the original FIFA Soccer game series. The game takes place in the late 1980s, when hardcore computer simulation games still did not exist, and simulation games were very scarce. The gameplay is focusing on the realistic features of the sport, mainly dribbling and passing, however, every time a ball is kicked or caught, real world physics are used to trigger events. It is the first game in the FIFA series to feature a "Total Football" mode, similar to Total Football (European simulation football) "which mixes the real and virtual worlds. Four previously unseen teams — Soviet Union, Yugoslavia, Brazil, and Germany — join the original 22 nations in this installment. This version also features the debut of the Fútbol Suertes de América. FIFA 2K comes with the Totally Football World Tour, a management simulator where you take control of a real football club and lead them to success. Totally Football World Tour is the first of two football management simulators released by EA Canada for EA Sports, the other being FIFA 07. In 2005 Electronic Arts released FIFA Football 2005. It was essentially a first-person shooter similar to FIFA Soccer 97, with the player moving and shooting by leaning left and right respectively. The controls were similar to the FIFA 2K series, and the engine was the same. FIFA Soccer 2006 was released in 2006. The game introduced brand new features and gameplay mechanics. It was the first iteration of the FIFA Football series to include full animations. The controls were also changed to require precise aiming, a control scheme that complements the game's new physics engine. During gameplay,
