A: I had once that problem, but i fixed it by opening up the 3D view in the scene-view, and then exporting to the map view as scene view. So you have to be sure that you're still in 3D(camera view) when you export your 3D scene.. Q: How to select box which contain value other than in js I have one radio button which is divisible from another box. Now I just want to select the box which have value= "yes" something like:
\$(document).ready(function(){ \$("".rb_5").click(function(event){ if(/the divisible box contain value == y) { \$("".d_4").prop("checked",false); } }); }); A: Just use this as your condition. The selector you are using is incorrect. if(\$("".rb_5").filter(function(){return this.value == 'yes';}).length!= 0){ //This box contain yes } JSFiddle His Majesty's Canadian Ship Cape Beech His Majesty's Canadian Ship Cape Beech was a modified yacht-style minelayer that was part of the Royal Canadian Navy during World War II. The ship was commissioned by the Royal Canadian Navy on 15 March 1944. The ship spent most of the war at sea, laying mines in

After their job, of keeping the dungeons in balance, was done, our heroes needed a new job. Roaming the lands they found a call for heroes, a castle in need, possible even a damsel in distress? Pick two heroes to take into the adventure, controlling both heroes and using their special skills to navigate the dangerous castle hallways, rooms and floors. Switching between the two characters to solve quests, puzzles, and of course clear the dungeons of all evil. Quests - The dungeon is full of problems, let's call them quests. These problems range from simple "find a key" to "use magic powers to light all magic candles and open the magical gate". Different types of quests require different solutions. Use the skills of the characters in your party to complete these quests. Weapons - Your characters are your main weapons. The Elf shoots his arrows through multiple monsters, the Wizard has unlimited magic, the Warrior has a powerful melee attack with his hammer, and the Valkyrie besides having a quick spinning-melee attack can also detect secrets and important loot. The characters can level up to increase their firepower, or find rare loot which enhances your character for short periods of time. This includes magic spells! Secrets - Find secret rooms, level-skipping teleports, secret items, and more! Perma-items - You will be able to unlock magic spells by collecting 4 shards of various magic books. Once all shards are collected the magic is unlocked. It's also possible to increase the strength of this magic by collecting the magic shards multiple times. All unlocked spells will stay unlocked even after you die, making you more powerful on your future attempts to reach the final boss. Gameplay Heroes of Loot 2: Join the most epic adventure of you and your friends on your quest for treasure and glory! Search for countless relics and take part in quests in a unique fusion of tactical board game and RPG, Heroes of Loot! How far can you go? What's new in Thumper:

"Groove Coaster - Burning Force Medley" is an original song by the German hard rock band, Scorpions. Originally released in 1975,

following the release of their third studio album, "Love at First Sting", this song is a medley covering a selection of songs, including "Burning Force", "Spaceman" and "Sunrise", written by the band's lead singer, Rudolf Schenker. Original version Released in late 1975, "Groove Coaster - Burning Force Medley" was the first track recorded as part of the Love at First Sting album sessions. The previous, full version of "Fusion" was then entitled "Groove Coaster", and included a full set of lyrics. In January 2019, the original version of "Groove Coaster - Burning Force Medley" was re-released to Cassette, CD, and digital formats by Universal Music. November 2016 release Arriving four years after the initial release, "Groove Coaster - Burning Force Medley" was re-issued as an unreleased track, in November 2016, by UMe. It is coupled, as a digipack bonus track, with "Skyscraper", also an unreleased track from the Love at First Sting sessions, and later added to the Reloaded: The Very Best of Scorpions compilation, in February 2009. This track compiles, on one disc, the solo, acoustic "Fusion" and the previously unavailable 1975 version, of "Groove Coaster" and "Burning Force Medley", while on the second disc of the 2001 reissue, "Stiff Rope" and "Wind of Change" are added. On the third version, in 2008, a remix is added of "Burning Force Medley", featuring vocals by Indira Stanger, and again it is added to the compilation, as does the previous live version of "Burning Force". September, 2018 release In September 2018, "Groove Coaster - Burning Force Medley" was re-issued to CD, as part of the Vertigo re-issue of Love at First Sting. This version of the track was re-issued as part of the reissue, featuring updated, alternate takes of "Burning Force" and "Sunrise", and it was given full, remastered versions, of both. Fusion "Fusion" is a hard rock song by the German band, Scorp

NOKBAK is a 1-4 player multiplayer arena shooter game created with six principles in mind. This is just NOKBAK! The twist is all about the multiplayer mechanic, which is played in the first-person perspective. This puts the players in the shoes of a futuristic bounty hunter. Each player is given a variety of weapons that make them

the ultimate bounty hunter. The more bullets you fire, the more points you earn. The big difference is that you don't shoot to kill. You shoot to knock people off of your arena. Point system encourages players to play fearlessly, as they must also be concerned with earning players points. The game is playable from any number of players, 3-8. A range of maps provides the opportunity for players to get up close and personal to take advantage of the low gravity and close quarters. Each map is playable in various game modes including King of the Hill, Bounty, Free for All and Elimination. NOKBAK runs on Flash Version 10 or Version 11, Mac or Linux. It's tested to run on Windows 7. It may run on Windows XP and Windows 8. Gameplay Features: - In first-person multiplayer game, the player changes the viewpoint from third-person view to first-person view to see how well they are shooting. They can look around to see both the arena and the players. - Each player has three available weapons with three different types of bullets. Some players will have more bullets than others. - The object is to knock the other players out of the arena to win the game. - Players earn points the more they knock people out of the arena. - Score bonus modes are added to the game. Points are awarded based on how far a particular player is knocked off of the arena. - In the Bounty Mode players get points for every KO'd player, even if they are in last place. - Points are tracked, meaning that the first to reach a certain point will be declared the winner. - Graphics, AI, and sounds are professional. - No new graphic files are being added, meaning that it's a pure Flash game. - All new graphics, sounds and two new maps are added. - You can use your mouse to aim. (May need to add a feature to the mouse device settings.) - You can use your keyboard to aim. - You can rotate the arena and rotate the camera. - All backgrounds are new. - Many
