Minor changes + New significant improvements Thanks to Diki64 for the translation! Silicon Valley firms doing blockchain startups As the pace of the public's interest in blockchain accelerates, so too do the number of startups building for the industry, from startups using it to startups working on their own implementation of it. The companies have been quick to leave San Francisco for Silicon Valley's Tulumosa startup ecosystem, receiving more funding, mentorship, and partnerships from some of the best firms in the ecosystem. And, on Tuesday, just across the street from where tech moguls like Mark Zuckerberg and Bill Gates once threw parties, there's a cluster of blockchain startups looking to make a splash in the West Coast's tech scene. The Media Fund has hosted two such events with companies including Block Cypher, a \$20 million cryptocurrency startup based in San Francisco. San Francisco used to have the dominance in the digital currency ecosystem when firms like Citibank, investment firm Union Square Ventures, and others dropped money on Bitcoin early on. But San Francisco almost no longer lives up to the title of the "Valley of geeks," according to Nick McKeever, co-founder of Y Combinator, the famed startup accelerator. He pointed to a list

of past and current Y Combinator portfolio companies such as Coinbase, Heroku, Reddit, AppGratis, and Stripe. "This is a new ecosystem now," McKeever said. "It used to be your classic fishing village. ... It's grown up, for the most part. There is an increasing amount of VC interest from these other companies to drop into the ecosystem here." San Francisco also has a large contingent of crypto startups who have experience working in the space in Silicon Valley, McKeever said. So the increasing amount of interest from funds doesn't come as a surprise to him. He said he's visited more than 20 Y Combinator companies twice a year since it first started its flagship accelerator program. Block Cypher, which was founded in January 2017, is currently seeking angel and

For more information, visit About This Game: You're the executor of the Dead Gods. Your task is to fight your way through a deadly gauntlet of assassins sent to kill you. Trapped in a deadly fog of constantly shifting planes of reality, you will be forced to test your skills and your ability to move beyond your own mortal flesh, and emerge victorious! About Raiden Legacy: Raiden Legacy is a classic style Zelda inspired dungeon crawler. On your journey to the Legend of Ayzore, you will visit over twenty unique locations, equip a unique set of weapons and armor, and use skills to open new pathways to new areas. As you progress, your health and weapons will degrade. As your weapons and health are depleted, your skill at the game will be tested. There are over twenty weapons, each with unique characteristics. Some are easy to use, others difficult, and all have their own pros and cons. In Raiden Legacy, you may encounter different types of monsters and traps in each zone. If you're hit by the same type of trap or monster in the same zone multiple times, your current weapon will be consumed. As your health decreases, you'll have to rely on powerful skills to take down your foes. See below for a list of all the skills in the game. About FIST OF THE
