If you live in a state with a law that you can't serve coffee out of a car, then you've probably never had coffee from Coffee Stain Club. It doesn't matter if you live in a state that has passed such laws. None of the coffee we roast and hand-sell at Coffee Stain Club is sold in states that have laws like that. So when you spend money at Coffee Stain Club, you're not supporting the situation that we're helping to change. You're supporting the structure that helps change that. How long have you been roasting coffee? Everything started with our first roaster, Richard. He started roasting coffee in 2011, and we've been roasting great coffee ever since. How often do you roast coffee at Coffee Stain Club? We just opened our second roastery in downtown San Diego. And, while we're still working with our first roastery, we're roasting twice daily, Monday through Friday, and on the weekends if we do a good harvest. In addition to selling our delicious coffee, we also sell roasting supplies, water brewers and everything else coffee lovers need to be successful with their home roasting. We also offer a free bar training course that will teach you how to roast some delicious coffee beans
