
Ibm Sterling Connect Direct !EXCLUSIVE! Download

IBM® Sterling Connect:Direct provides a secure point-to-point file. This file connects two IBM® Connect systems to ensure that data transfers work reliably, ensuring data security and data consistency. After you connect to the IBM Connect server, you can work with files in the Sterling Connect:Direct app. Once the file is created, you can make it available to other users using IBM Connect. When connected, the file is stored in the Sterling Connect:Direct data store.
