thus it was catia turned down the most suitable tour de force in all the theatre of her rueful existence, and, on opening the card, found that scott brenton had really stepped into the breach. she had trusted to her ability to find a substitute, but the clerk of the church, on being summoned, had

---

discovered to her consternation, that mrs. brenton had left a letter for scott, which, in an unguarded moment, she had left lying open upon his desk. true, the letter was not addressed to him, but it had been covered with his notes and study in preparation for the rector's brief visit. it told catia that her services in the church, and those of mrs. brenton who, it seemed, must have been sorely needed there, were no longer required, by the rector, in the capacity of an assistant; and that she was to rejoin her husband on the continent, as soon as possible. catia was furious. she had known that she was being ousted from the stage at which she had been working so assiduously. but she had not guessed that she was to be relegated from the stage of mrs. brenton's cathedra. she found the designation of her heretofore masterly role at that moment converted, in her mind, into a species of supererogatory rôle; and, when

---

she had reeled into her private room to write to scott, her indignation found utterance in such phrases as "your high-handed meddling, your unpardonable interference," and the like. the letter had not been posted, by the time her husband arrived, but he had seemed to make allowance for its wording. he had even been allured, it seemed, by the title of his new career; had taken it on faith as a reassurance of his value. now, there was something to cry about, apparently, something not fit for a woman to cry about.
