A gameplay video of LEGO Indiana Jones 3 was also released during the game's unveiling at New York Comic-Con. The video confirmed a few plot details and revealed a few new weapons, including a Machete and a Shotgun. The game will also feature a stronger laser beam, which is used to cut through bricks. It seems that the game follows the plot of Raiders of the Lost Ark, and the main character is young Indiana Jones, who tries to solve the mystery of the abandoned temple. The player will have the opportunity to play as Indiana Jones in different situations, such as in the front lines of an action filled battle. He will be able to grab hold of numerous iconic movie characters, like the Raiders of the Lost Ark, an army helicopter. Of course, the player will be able to interact with an array of in-game objects. LEGO Indiana Jones 3 was released for the PlayStation 3 console in February 2011. The game features several single-player and online co-op modes. The game is set after the death of Indiana Jones in the first game, with Ben Raven. Indiana Jones is a fearless archeologist who is searching for the Holy Grail. He will be able to explore the lost temples, his team, Indiana Jones and the Raiders of the Lost Ark, a list of data entries to collect information, a helicopter, and other items. The player will also be able to fight against the enemies. LEGO Indiana Jones 3, released for the PlayStation 3 console, the PS2, Xbox 360 and PC, in February 2011, LEGO Indiana Jones is an action game set in the jungles of south-eastern Asia where one of the most famous archeologists Indiana Jones has to defend the sacred artefacts from the deadly adversaries, such as rats and mercenaries.
